Thank you for requesting support from the U.S. Coast Guard Institute (CGI). Whereas
we serve as an activity in support of your unit Educational Services Officer (ESO),
you are encouraged to seek assistance from your local ESO in your academic
endeavors. The following information is provided to help you understand what is
presented in this degree plan:

This document is an UNOFFICIAL Degree Plan to provide you with a preliminary
assessment of how your prior learning experiences might fit into the specified
degree program for this academic institution. If you choose to pursue this degree
option, you must present it to a college representative, who will review it for the
following:

o Accurate representation of the college's degree program requirements, including
course numbers and titles, credit hours for each course, lower- and upper-level
course requirements, and the total number of credits needed for the degree.

o Appropriate assignment of ACE Guide-recommended credit at the lower or upper
 level for military service schools and occupations, CLEP, DSST, and other tests,
 transfer credit for courses from other colleges and universities, certification
 programs, etc.

o Appropriate assignment of SOC Course Category Codes from the SOC Handbook
Transferability Tables. The SOC Degree Program Handbooks can be obtained from the
SOC web site at: www.soc.aascu.org should you wish to learn more about the course
transfer guarantees among SOC network institutions.

The Degree Plan may be used by the college to prepare an official SOC Student
Agreement which, when signed by a college official, becomes a contract for degree
completion between you and the college.

Credit for all courses you have taken must be reflected on official transcripts sent
directly to this college from the administrative offices of the colleges you
previously attended. This degree plan is often used for information purposes by
college counselors pending receipt of the official transcripts from the source
colleges.

This degree plan is not intended to compete with your local college or university.
Keep in mind, you are allowed to transfer in a significant amount of the degree
requirements to this institution. As such, credit from local colleges, college
level examination programs, or advanced military training may be applied to this
degree. You may also complete the courses necessary from this college either in
residence (on campus or possibly on a military base at a campus extension in the
Education Center) or through distance delivery of the courses. If you have
questions, please contact the college counselor or your advisor listed at the bottom
of this Degree Plan.

DEGREE PLAN LEGEND:

sh   =   semester hours
VOC   =   Vocational, not relative to an academic degree
LL   =   Lower Level, i.e. courses at the Freshman/Sophomore level
UL   = Upper Level, i.e. courses at the Junior/Senior level
GL   = Graduate Level (sometimes recommended by ACE for very complex courses)
[#] such as [Y24] or [Y124] = SOC Course Category Codes*
{#} such as {DANTES Code = 01.02.03} = DANTES Academic Codes **

* SOC Course Category Codes: Servicemembers Opportunity Colleges (SOC) is a
consortium of over 1,600 accredited colleges and universities seeking to provide
degree opportunities to the military. Over 170 of these institutions participate in
network degree programs developed for the Army, Navy, Marine Corps, and Coast Guard.
A SOC coourse category number beside a course from one of these institutions, such
as [Y24] or [Y124] for English Composition, indicates that courses from other degree
program institutions with the same code may be taken to satisfy the degree
requirement. See the SOC Degree Programs Handbooks at http://www.soc.aascu.org/

** DANTES Academic Codes: The Defense Activity for Non-Traditional Education
Support (DANTES) publishes the DANTES Independent Study Catalog (DISC) annually,
which lists more than 6,000 courses from dozens of regionally accredited colleges
and universities. Because this is a degree from a SOC affiliated college, the
academic residency requirements are limited, thereby allowing students to transfer
in a significant portion of the degree, as mentioned above. If the course you

desire to take is not offered by this institution when you want to take it, consider the opportunities the courses in the DISC present. For more information, visit http://www.dantes.doded.mil/dantes_web/distancelearning/disc/front/cont.htm   Keep in mind, you should always check with the counselor or academic advisor at this institution before enrolling in a course listed in the DISC to ensure it will be accepted in transfer toward this degree.

Coastline Community College (CCC) General Information

Coastline Community College's distance learning program for military personnel was created especially for the military! Students will have access to an excellent college education by enrolling in the kind of high quality distance learning media-based courses that have made CCC a national and international leader in distance education for nearly 25 years. CCC's integrated media-based distance learning programs have been the recipients of a host of educational awards and citations for programming design and excellence.

A proud educational partner in several programs involving the Navy, the Army, the Marine Corps, Coast Guard, the Army National Guard, and the Reserve Components of all the Services, Coastline Community College delivers distance learning college credit courses and occupation related degree programs to servicemembers worldwide. This program recognizes the maximum credit awarded for military training and experience and combines technology with academically proven distance learning methods to deliver college-credit courses beyond the traditional classroom. Courses are delivered via Internet, CD, Video/Telecourse, Independent Study Labs and incorporate text materials, instructor contact, assignments and proctored exams. They strongly believe that today's students deserve today's education, using modern delivery techniques. Their curriculum meets clearly defined objectives and established standards of quality focusing on educational excellence. Students can be assured that our courses have met the highest standards for accreditation, quality, transferability and value.

The maximum amount of college level testing credit accepted by CCC is 30 semester hours. (Check with CCC counselors for acceptance of CLEP, DSST, or ECE examinations prior to taking each examination.)

Transfer credit accepted by CCC may include up to 40 semester hours of non-traditional credit (Military credit or college level testing). The remaining 20 semester hours must be taken through colleges (12 of which must be through CCC).

Many of the Major Program of Study courses or all of the Liberal Arts course requirements may be taken through Coastline's distance education program.

For those who have served in more than one service or have held multiple MOS/Rating/AFSC's, enough credit may have been earned so as to enable one to declare a second major. Credit for Duty or Secondary MOS may also apply to this degree. Contact your counselor for more information if either of these apply.

Global / Multicultural Studies requirement may be met by taking a relevant course in the Social Sciences section or in Humanities section.

A SOC Contract for Degree Completion with this institution may be entered after enrollment with CCC.

Tuition per course: $130 per semester hour (subject to change)
